Week Three – Day 3 Bathroom Linens

GOOD MORNING!

Are you raring to go? In 20 minutes, you are going to be a huge step closer to creating an oasis in your home. Get ready, peace and tranquility, here we come!

DO AHEAD

Be sure that your washing machine is cleared of any load that you may have in it. Be sure that you have laundry detergent and anything that you may need to wash your linens, or what ever you use if you are hand washing anything.

DON'T FORGET IT'S SPRING! THE PERFECT TIME TO HANG IT UP AND SAVE SOME \$\$ ON ELECTRICITY – If you can hang up your clothes where you live, be sure to have your clothes pegs and line ready to go!

If you can't due to IMHO one of the most ridiculous and environmentally harmful bylaws to be found, do you have any indoor options?

In the winter here, I hang a load over my chairs and doors etc, anything that will hold laundry when I go to bed at night, take it down and finish it off for about 10 minutes (helps to remove the pet hair as well from our varmints – I'm sure that they'd be insulted to hear me talk about them that way.) This saves us a huge amount of money on our hydro bill.

When it gets warmer but too snowy to make it to the clothesline, I use a drying wrack in our front porch.

Have a look around and see what you can do to hang your clothes, regardless of superficial laws.

Checklist and Instructions

...below you will find excerpts from the Spring Cleaning Tips ebook to give you some quick ideas. Check the book for more in depth reading.

Designate a closet, cupboard, or shelf for your towels, facecloths, bath mats, etc. Round them all up, wash and fold a load, and place put them in their designated spot.

Think about investing in a couple of hooks or towel bars if needed. It will save you finding towels strewn over the side of the tub to dry, as they can start to smell funky, as well as quickly cluttering the room up!

Keep up on the laundry to avoid hamper overflow. The reality is, if there is no room in the hamper, the clothes and towels will find themselves on the floor. If the laundry is kept current, the hamper will have plenty of room for dirty clothes and towels.

Bathroom - Linens

- Designate one spot for all of your bathroom linens.
- Wash and fold all of your bathroom linens.
- Mount hooks or towel bars for used linens to dry.

Today's Assignment

Wash Those Linens

Put your towels and other linens (if they can go in the same load) in the wash and/or handwash the delicates.

You will probably want to break today's time pocket into 2 sessions, one to remove and wash and one to dry and replace.

If you have extra time, do any windows or mirrors that you didn't get finished yesterday.

Spray and wipe door handles, light fixtures, mirrors, windows etc.

Remember, we are looking for progress, not perfection.

Looking forward to seeing you tomorrow, let's take another step up!

It's Your Day To Shine!
